

Hamburg Avenue Update

City of Lakeville Public Works 

Construction Updates

This Week

This week roadway grading progressed within Phase 1. Installation of storm sewer has begun. Hamburg Avenue remains open for residents along the roadway but is closed to through traffic between 205th Street and 202nd Street.

Next Week

Next week crews will continue installation of storm sewer and begin installation of driveway culverts as weather permits. During the day driveway access will be limited to residents in Phase 1.

Door Hangers

The City will communicate short-term project updates such as driveway impacts, construction schedule, garbage hauling and temporary mailbox needs via door hangers. Check your front door each evening for project updates. If you have a storm door, leave it unlocked so project representatives can place the door hanger on your interior door - this will ensure you still get the door hanger during periods of windy weather.
