

Hamburg Avenue Update

City of Lakeville Public Works 

Construction Updates

This Week

Concrete driveways were completed this week and crews prepared for paving Hamburg Avenue in Phase 1. The first layer of asphalt will be paved this week as weather allows. Hamburg Avenue remains open for residents along the roadway but is closed to through traffic between 205th Street and 202nd Street.

Next Week

Next week crews will prepare the boulevards in Phase 1 for future trail construction. Bituminous driveways will be paved early next week and residents will be notified when they can access their driveways.

Door Hangers

The City will communicate short-term project updates such as driveway impacts, construction schedule, garbage hauling and temporary mailbox needs via door hangers. Check your front door each evening for project updates. If you have a storm door, leave it unlocked so project representatives can place the door hanger on your interior door - this will ensure you still get the door hanger during periods of windy weather.
