

Hamburg Avenue Update

City of Lakeville Public Works 

Construction Updates

This Week

Pedestrian ramps and sidewalk connections to adjacent developments were completed in Phase 1. The remaining storm sewer of Phase 1 was completed this week.

Next Week

Next week crews will begin Phase 2 with street widening south of 205th Street, and trail work on Phase 1, weather permitting.

Door Hangers

The City will communicate short-term project updates such as driveway impacts, construction schedule, garbage hauling and temporary mailbox needs via door hangers. Check your front door each evening for project updates. If you have a storm door, leave it unlocked so project representatives can place the door hanger on your interior door - this will ensure you still get the door hanger during periods of windy weather.
