# General Government Services

City of Lakeville- 2019 Fee Schedule

ITEM/ACTIVITY	2019 Fee
<b>General Government services</b>	
<b>Antenna tower rental</b>	
Tenant's Leasing Space Rates (lease agreements are negotiated pursuant to rates, but subject to circumstances, technology, available space, etc).	Negotiated
<b>Cellular equipment modification process on city monopoles and water towers</b>	
<b>Plan Submittal:</b>	
Cellular companies or their representatives must submit detailed plans and specifications outlining the proposed modifications. The information must be submitted to the City of Lakeville Administration Department.	
<b>Plan Review:</b>	
Upon receipt of the information the City will:	
1) Determine if a structural analysis of the monopole or water tower needs to be completed. If so, the plans will be sent to the City's consultant to obtain cost estimates for a structural analysis and for performing the plan review and inspection services	Determined by Engineering Firm
2) The estimates will be provided to cellular company representatives and an escrow to cover the costs of the consulting services must be submitted to the City prior to the consultant commencing the work.	Determined by Engineering Firm
3) The City will also determine if:	
Amendments are required to the site lease agreement	Determined by Engineering Firm
Any Planning Department permits or approvals are required (Planning actions typically not required unless it exceeds approved antenna height)	
<b>Review Fees:</b>	
The cellular company or its representatives must provide payment in advance for the following:	
Consultant services as listed above	Cost
City administration fee	\$1,000.00
Attorney fee (only if a lease amendment is required)	\$500.00
<b>Authorization to Proceed:</b>	
The City will issue an authorization to proceed to the cellular company or its representatives:	
After receipt of approved plans and structural analysis	
After approval of a lease amendment (if required)	
NOTE: authorization to proceed is valid for 120 days or until the next carrier requests modification which may affect the results of the structural analysis – whichever is later. The process insures that all carriers are provided a reasonable amount of time to make modifications without undue or unreasonable withholding of consent by City as a result of another carriers work schedule.	
<b>Preconstruction Meeting:</b>	
A preconstruction meeting must be coordinated by the cellular company or its representatives with the Utilities Superintendent, the City's consultant, and the cellular company's contractors and sub-contractors.	
<b>Building Permit:</b>	
A separate building permit may also be required from the City in addition to the authorization to proceed.

<p><i>The Environmental Resources fee for each tax parcel classified 1 &amp; 2 is the single-family residential fee. The fee for classifications 3, 4, 5 &amp; 6 is the single-family residential fee multiplied by the utility factor. The fee for classifications 7, 8, 9 &amp; 10 is calculated as follows: fee for single-family residential multiplied by the utility factor multiplied by the acreage of the parcel. For tax parcels classified 7, 8, 9 &amp; 10 with less than 42% impervious surface the fee shall be adjusted by multiplying the fee by the percentage of impervious surface and then dividing by 42%. See classifications and utility factors below.</i></p>
