

Food and Fund Drive

A food drive for The Open Door and 360 Communities has always been a key piece of National Night Out. Each summer, food shelves experience a food shortage. With the current COVID-19 pandemic, the need is even greater. We encourage residents to collect non-perishable items and donate them to The Open Door and 360 Communities to help keep individuals, families, and our neighborhoods strong and stable.

Your neighborhood can

Give food or make a financial contribution to The Open Door and 360 Communities

Organizers should bring donations to:
